

You are invited to

“Mapping in British Columbia, Issues and Challenges”

The Vancouver branch of the Canadian Institute of Geomatics, CIG, invites you to attend a panel discussion on the issues and challenges facing the mapping industry. Local representatives from the map producers, vendors, and contractors are invited to share their thoughts and discuss their concerns on the state of the mapping industry. The floor will be open for questions from the audience. Problems and issues facing the mapping sector of the Geomatics industry may also affect other sectors. The objective of this panel discussion is to bring out, and discuss, the state of this industry. Some of the mapping issues pertain to the effects of sub-contracting. There are other related issues such as the salary relativity of the mapping sector compared to other Geomatics sectors. I'm looking forward to an active and informative discussion.

The panel and target audience will be map producers, map vendors, and the agencies who procure mapping services. The provincial and municipal governments are also invited. All CIG members and members from the American Society of Photogrammetry and Remote Sensing are invited to attend.

When: Wednesday, November 16th at 6:00 pm.

Where: Holiday Inn at Metrotown Centre , (Metrotown Skytrain Station)
Salon A, Holiday Inn, 4405 Central Blvd, Burnaby, BC V5H4M3
Free parking available at the hotel.

Cost: \$35 CIG Members and ASPRS Members [\$30 US]
\$40 non members [\$35 US]

A working luncheon buffet will be served. Space is limited, the venue can accommodate a maximum of 40 people.
